

Palpatine: how to use it

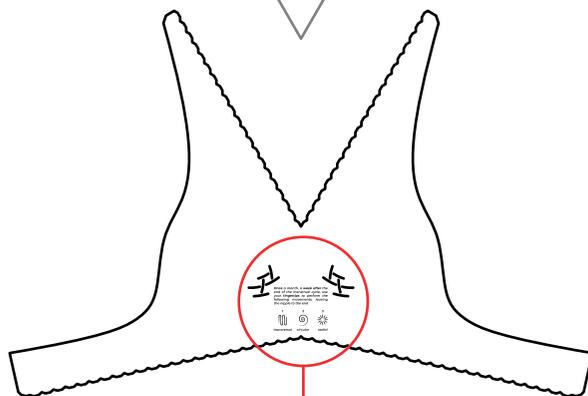

Instructions:

STEP 1: Once ready, wear your fantastic Palpatine bra

STEP 2: When you put it on and take it off read the little "illustrated instruction" in the interior part of the bra (see the picture below)

STEP 3: Remember to repeat the self-breast examination once a month. The bra must be the medium that allow us to raise awareness on this intimate and delicate topic.

STEP 4: Tell to your friends and relatives about the project!

*Once a month, a week after the end of the menstrual cycle, use your **fingertips** to perform the following movements, leaving the nipple to the end*

transversal

circular

radial
