1
Take the glove from the strap with an arrow.

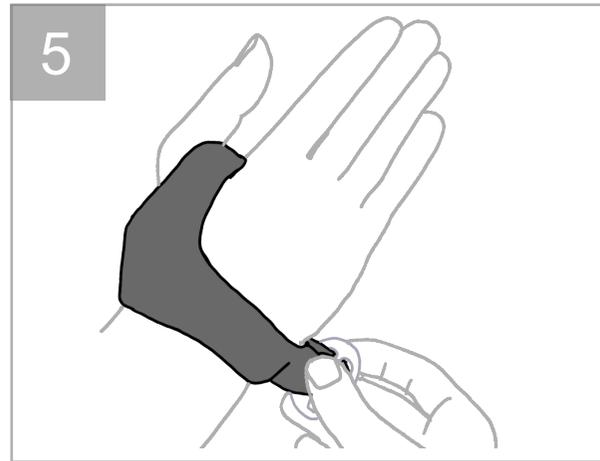

2
Adjust the dimension of the thumb hole passing the textile arrow through the rectangular openings.

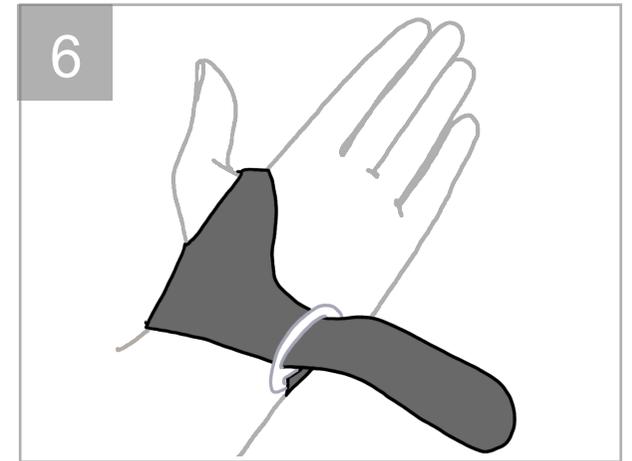

3
Wear the glove starting from the hole for the thumb.

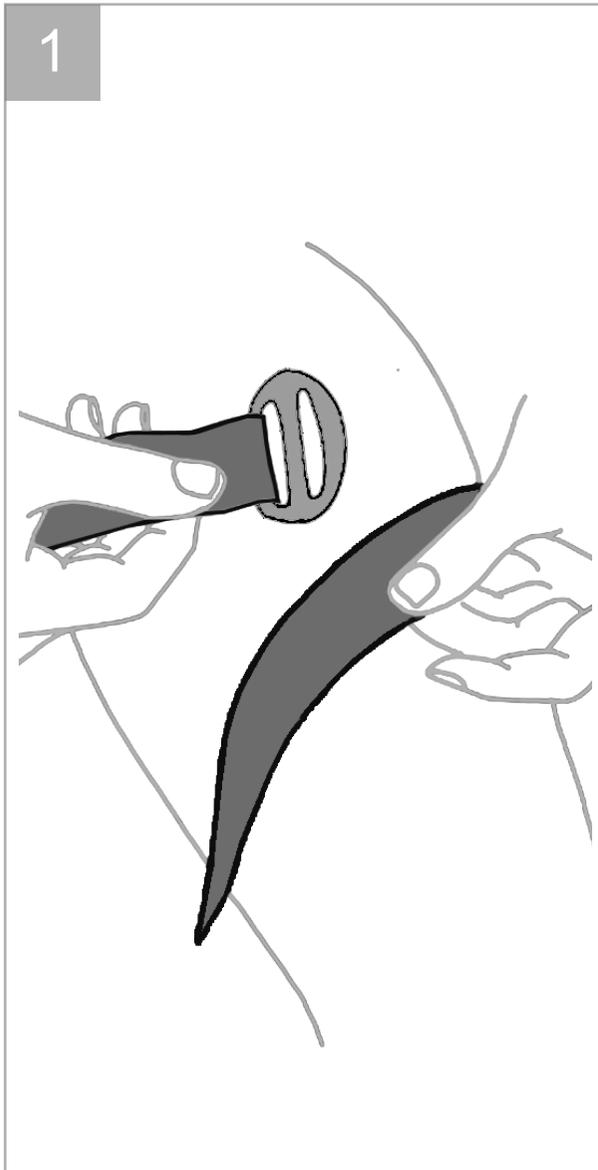

4
Grab the wrist strap with velcro on the end in order to secure the glove to the wrist.

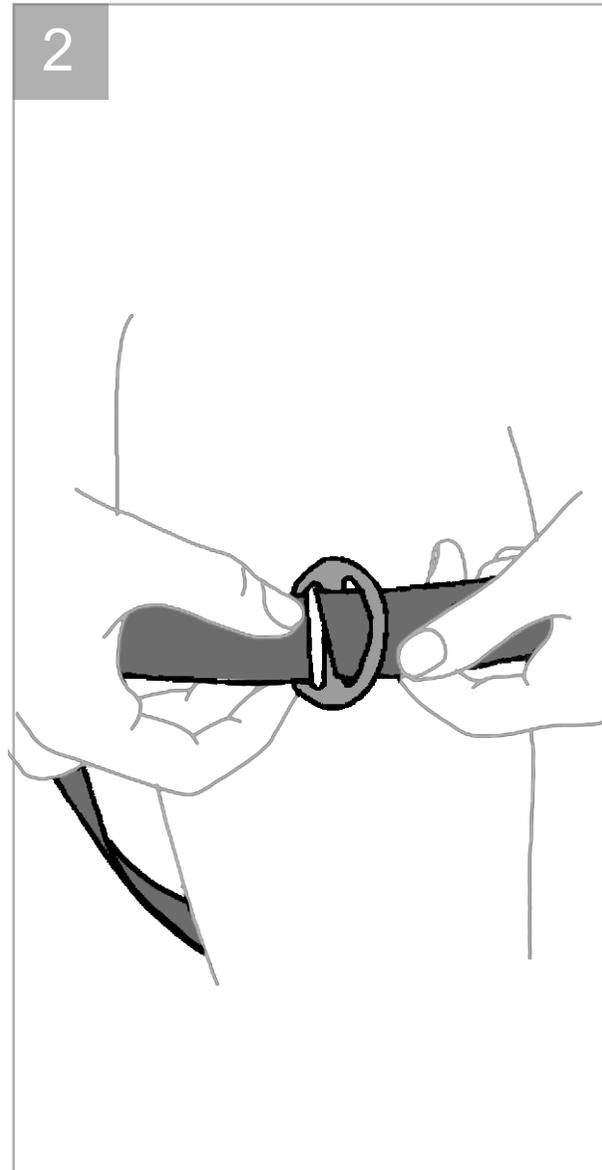

5
Pass the strap through the buckle.

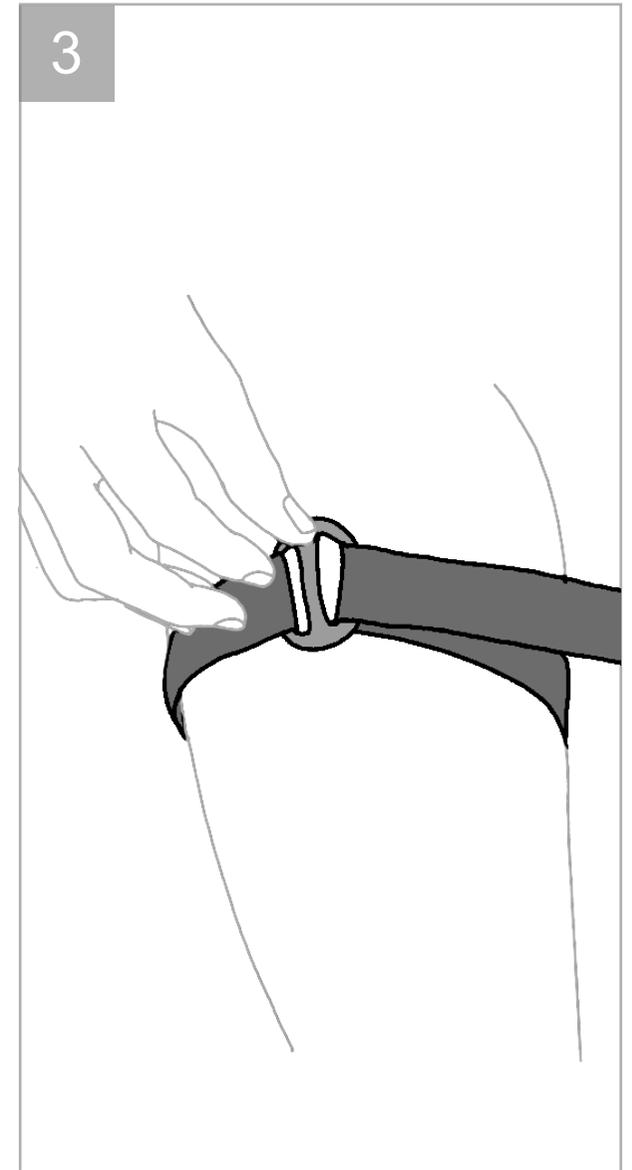

6
Flip the strap to attach the two pieces of velcro together.

1
Position the band around the thigh around the middle of the height of it.

2
Pass the band through the buckle to adjust the band based on the dimension of your thigh.

3
Flip the band in order to attach the velcro components together and secure the band.
